Founded in 1812, the House of Laurent-Perrier has been defined by its pioneering role in innovating champagne throughout its history. Its innovation is rooted in unique savoir-faire, passed down through generations.

Internationally recognised as one of the foremost names in Champagne, its success can be attributed to a deliberate policy of challenging conventional techniques, whilst honouring traditional values, a passion for quality and, above all, respect for nature and the terroir.

At No.10, we are proud to serve Laurent-Perrier by the glass and bottle.
